BOOK SYNOPSIS

The End of Patriarchy asks one key question: what do we need to create stable and decent human communities that can thrive in a sustainable relationship with the larger living world? Robert Jensen's answer is feminism and a critique of patriarchy. He calls for a radical feminist challenge to institutionalized male dominance; an uncompromising rejection of men's assertion of a right to control women's sexuality; and a demand for an end to the violence and coercion that are at the heart of all systems of domination and subordination. The End of Patriarchy makes a powerful argument that a socially just society requires no less than a radical feminist overhaul of the dominant patriarchal structures."
